CORRECT English Usage | & 2

The most complete reference book that all teachers need and love! Over 6,000 advanced grammatical, lexical and structural items analysed in both volumes.

Language is constantly changing; what was unacceptable in the past may be in common usage today. This can present serious difficulties for teachers of English, particularly when they have little or no regular contact with native speakers.

Correct English Usage I & 2 provide teachers of English with practical up-to-date guidance on the patterns of usage in the English language. The two books contain a wealth of advanced language points of particular interest to the EFL teacher, compiled after exhaustive research of numerous authoritative sources and close consultation with native speakers. The language used is neither pedantic nor obscure, thus avoiding the confusing explanations so often found in grammar and reference books.

Special Features include:

- analysis of advanced language points.
- larification of the meaning and use of confusing words and expressions.
- information on formal and informal usage, appropriateness and style.
- a careful selection of frequently mispronounced English words.
- differences in British and American English.

Correct English Usage I & 2 meet the long-neglected need for a contemporary usage guide written specifically for teachers of English, focusing on the doubts and uncertainties they encounter while teaching.

Constantinos Grivas has been involved in the field of EFL teaching in Greece for over 40 years, both as a teacher and as an author of books for learners of English of every age and level.

Here are some of the advanced language points included in the two books:

1 WORDS often mispronounced:

anemone, bass, Belgium, bosom, brooch, cupboard, indict, melancholy, rhetoric, roll, social, Stephen, towards, worship

2 SYNONYMS often confused:

- 1 behaviour conduct
- 2 preface foreword
- 3 almost nearly
- 4 abandon desert forsake
- 5 accurate exact precise
- 6 aroma perfume scent

3 COLLOCATIONS

Which word does not form a collocation?

- 1 I have big | great | huge | enormous admiration for his talent.
- 2 The up-and-coming young actor only made a brief | quick | fleeting appearance on the stage.
- 3 The earthquake was a(n) absolute | complete | thorough | great catastrophe.
- 4 Most of the people present received | took | got (Holy) Communion.

However, we can say:

The milk is too hot for the baby to drink (it).

Why is that?

iii) We cannot say:

I don't like red colour. [when talking in a general sense]

Why not?

2 It is incorrect to say:
