## A pioneering general Coursebook that focuses on the acquisition and usage of the English language.

**TARGETING PROFICIENCY** is a comprehensive coursebook that focuses on the acquisition and correct usage of the English language. The graded material steadily builds up students' language competency, making it the ideal coursebook for students wishing to advance to C1 / C2 level in English.

It provides thorough practice in all 4 skills – **reading, speaking, listening** and **writing** through a variety of topics explored in detail from interesting and thought-provoking angles.

Special **LANGUAGE AWARENESS** section in **every lesson**, containing a wealth of interesting advanced language points concerning the intricacies of the English language, as well as difficulties with pronunciation.

### Key features:

- thorough practice in all 4 skills – reading, speaking, listening and writing through a variety of topics explored in detail from interesting and thought-provoking angles
- challenging, age-appropriate reading texts which students can relate to and will want to discuss
- presentation of various structures and expressions which will enhance students' speaking skills, giving them the means to express their thoughts accurately and fluently
- ample listening practice, using a wide variety of situations, styles and accents, helping students understand speakers' attitudes and opinions and increasing their understanding of spoken English
- ample writing practice, reflecting the requirements at this level and providing guidance on organisation, style and techniques, allowing students to hone their skills and express their views correctly
- step-by-step instructions on how to successfully complete each writing task to aid students' understanding of what is required at this level.
- presentation of both academic and everyday vocabulary in a clear and concise way
- discussion points to help develop students' critical thinking skills
- constant reinforcement of accumulated lexical knowledge

A **Resource Booklet** is provided for teachers. This booklet contains additional material to aid the teacher, including notes for the Language Awareness Sections, Oral Practice, Sample Answers and Listening Scripts.
