**ON COURSE** is a coursebook series written after extensive research into the latest language learning theory, including the *Common European Framework of Reference for Languages*. It takes learners of English through all levels, from beginner to proficiency.

**ON COURSE** is a learner-centred course which provides students with the skills necessary to fulfil a variety of communicative goals. The educational objectives of ON COURSE are:

- to provide a supportive framework in which students can develop their **receptive** and **productive skills**.
- to encourage students to become more responsible for their own learning.
- to widen students' knowledge and understanding of different cultures, lifestyles and perspectives.
- to encourage students to work with their peers to exchange ideas, solve problems, plan project work and so on.

The key features of **ON COURSE 3** are:

- ✓ a motivating **storyline** based on realistic situations, reflecting students' own experiences and interests.
- ✓ a wide range of **reading** texts from a variety of sources.
- ✓ **listening** texts that reflect real-life situations and tasks.
- ✓ **writing** sections which aim to develop students' ability to express themselves in English, using a guided approach.
- ✓ **speaking** activities linked to the topic of the module, and recognising the importance of pair and groupwork in the development of students' oral skills.
- ✓ straightforward presentation of **grammar** points followed by ample practice.
- ✓ challenging exercises designed to build up students' **vocabulary**, as well as **language awareness** sections.
- ✓ **functional** and **situational English** sections.
- ✓ self-assessment sections, poetry and project work.

The wide variety of real-life situations gives students a strong practical base in communicative English. Paired with a systematic and thorough development of grammar and vocabulary, this will ensure students move seamlessly through all stages of the language learning process, from beginner to proficiency.
